

NEVER GRIPE OR SICKEN

Cascarets

FOR LIVER AND BOWELS

THE MILK WHILE YOU SLEEP

"I feel grand! That Headache, Bloating and Constipation is gone."

Lift Off Corns!

Doesn't hurt! Lift touchy corns and calluses right off with fingers

Apply a few drops of "Freezone" upon that old, bothersome corn. Instantly that corn stops hurting. Then shortly you lift it right off, root and all, without pain or soreness.

Hard corns, soft corns, corns between the toes, and the hard skin calluses on bottom of feet lift right off—no humbug!

Tiny bottles of "Freezone" cost but a few cents at drug stores

Be Young In Body, Mind and Looks Despite Your Years

How often you have wished that you could indulge in the strenuous exercise of out door sports with vigor and enthusiasm of youth! But the end of the week finds you all in—you are tired, listless and lack the energy to go out for a vigorous walk or a round of the links—or any other exercise that requires much physical exertion. Many a man, even in his middle forties, has a vague feeling that he is "getting old"—and right at a time when he should be at his very best physically. And he is growing old, not in the sense that the years are pressing heavily upon him—but in the sense that his vital forces are wasting away faster than Nature replaces the worn out tissue.

Thousands—yes millions—of people find themselves in this condition early in life. And there is no excuse for it. You can check that tendency to grow old. You can carry your youth with its joys and enthusiasm into your 70's and 80's. But you must give Nature all the help you can. The best assistance you can find—assistance of a sound, constructive character is in the use of

LYKO

The Great General Tonic

It enriches the blood—gently stimulates heart, liver and kidneys to normal activity—brings back your own punch and mental vigor—chases away that tired, worn-out feeling and replaces it with a spirit of buoyancy. LYKO is a distinctive preparation, scientifically connected in its combination of medicinal ingredients, and there's nothing more invigorating, more strengthening or more restorative building, specially beneficial for invalids, convalescents and run-down people of all conditions. Get a bottle from your druggist today—tomorrow you will feel better for it.

Sole Manufacturers: Lyko Medicine Co., New York, Kansas City, Mo.

Big Base Ball Outfit Free

Can You Fill In the Missing Letters

PROFESSIONAL HORSE HIDE COVER

Uncle Joe has Base Ball Mitts, Fielder's Gloves, Masks and Base Balls For Every Boy

Can You Fill in the Missing Letters Above and Complete the Two Words?

I am sure you can do this if you try. Just write Uncle Joe and tell him what the two words are and he will immediately send you his big free offer.

The Mitts and Gloves are well padded, leather covered palms and very durable. The mask is made of heavy wire fitted with chin and forehead protector. The ball is regulation size and weight and covered with horsehide.

Be sure and write Uncle Joe quickly for he has already given away hundreds of mitts and base ball goods as very scarce this year. Send your name and address plainly written, a postcard will do.

UNCLE JOE ROOM 43 POPULAR BUILDING, DES MOINES, IOWA

MULE GETS HIS

Army Passes Out Honors to All In Late War.

American Brand Superior to All Others, Is Report.

PERSHING HAD 45,000 OF 'EM

They Pulled and Pulled in Spite of All Danger.

Often Foodless Long Periods, Still They "Hee-Hawed."

Washington, April 20. Almost everybody and everything that contributed to the winning of the war has received some sort of public recognition from the war department. Even the patient, long-suffering, hard-working and oft-ridden army mule has at last come to his eulogium in

ALFRED H. EMERSON, owner of big stock farm, who says Tanlac built him right up after having a bad case of flu, which left him in awful bad shape. Says Tanlac is only medicine that helped him.

"I have taken only one bottle of Tanlac, but it has done me more good than all the other medicines I have taken put together," said A. H. Emerson when he called at Guppy's Drug Store, Portland, Me., the other day. Mr. Emerson lives near West Scarborough, Me., where he owns and operates one of the largest stock farms in that section of the country.

"After I got up from the flu last winter I was in mighty bad shape," he continued. "I was not only in a weakened, debilitated condition, but I also suffered awfully with indigestion. My stomach was so weak I could hardly digest anything and could hardly bear the sight of food, much less eat anything. As I was not able to eat any nourishing food I kept getting worse and worse and I was badly discouraged over my condition as it looked like I would never get my strength back again. My nerves were all upset and my sleep was broken and irregular. I felt tired and worn out from morning until night and could hardly drag one foot after the other."

"I took many different kinds of medicine but nothing did me a particle of good until I began taking Tanlac. As I said before, I have taken only one bottle, but it has made such a remarkable change in my condition I feel like a different person altogether. My appetite is splendid now and I can eat anything I want and as much as I want without the slightest touch of indigestion. My strength and energy have returned. I sleep sound and get up in the morning feeling ready for a big day's work. Tanlac has put me back on my feet and everybody certainly ought to know about this medicine."

Tanlac is sold in Topeka by Tully, McFarland Drug Co., 825 Kansas Ave., and 129 Kansas Ave.—Adv.

an appreciation from the quartermaster general.

Here follows the "low down" on the army mule as it comes today in an official publication. There were more than 45,000 of him engaged with the army overseas more than 100,000 with the troops in the United States, and while there was as much "hee-hawing, kicking, bawling, biting" and other muleish acts, as might be expected, the army mule lived up to his established reputation for enduring, sacrificing and dying like a soldier. They were not all American mules. Some of them were allies like the troops they fought with. Seven thousand came from England and 9,000 came from France and another 11,000 came from Spain.

"There was no comparison," says the quartermaster general announcement, "between the mule, poorly nourished mule secured in Spain, and those purchased in southern France and the powerful, supple, meaty, none product of the middle west."

"There was sharp criticism in some places of the class of animals which came up from Spain for duty on the battle front. But these little animals were able to haul machine gun carts, releasing the heavy animals for duty with the artillery and ammunition trains."

"There were times during the final stage of the world war when it was impossible to give much needed rest to these animals."

"There were not enough to do the work which confronted them and the result was that many of them were kept on the move, forty-eight hours and sometimes seventy-two hours with hardly more than a pause. There was no possibility of feeding a small amount of grain and a few handfuls of hay. Under this strain the mule went forward giving his all uncomplainingly."

"Sometimes when he was taken to the rear for a rest it would seem impossible to get him back to the front again, but his powerful constitution came to his rescue, and in a remarkably short time he was able to return to duty. The mule has always been given the credit of having his full quota of brains, but at times it seemed he had more than his share. Instances have been known where a pack mule would loaf about the army kitchen where the cook was baking bread until he observed the cook busy at some other duty when he would approach the fire, raise one foot and paw off the lid of the Dutch oven, grab the hot loaf within and make off with it on the run. He would do the same if he observed a hunk of bacon within easy reach."

A good many farmers these days devoted to their horses say, "Gosh darn a mule, any way," on general principles, but the army loves and values him for services rendered, and would like to see him get the distinguished service medal. Perhaps his valor and constancy in war time will recommend him to softer sentiments in times of peace.

NINE FROM SHAWNEE COUNTY

Over Two Hundred Boys and Girls of State Were Guests of Aggie.

Manhattan, Kan., April 20.—Kiddies from every part of Kansas came to Manhattan as the guests of the Agricultural college last week. They were feasted, taken on tours of inspection, lectured, photographed, motored for four full days, from Tuesday till Friday. They came Monday and went away Saturday.

About 200 honor boys and girls' club members made the trip. Their expenses were borne by public funds for the most part, although the bankers, millers, farm press and farm organizations also sent juvenile representatives.

Geo. B. Furr, national boy's club leader, spent the week in Manhattan. L. C. Williams, until recently an assistant state leader, was in charge of the boys, while Miss Lottie Millam had charge of the girls.

The following boys and girls from Shawnee county made the trip: Elmer Anderson, Hugh Cusick, Paul Eustice, Elwin Engler, Clarence Hershey, Helen Hershey, Margaret Mary McGinnis, Daisy Ockert and Keith Van Dusen.

DELAY ON MASONIC TEMPLE.

Cost of Materials May Bring About Remodeling of Old Building.

Remodeling of the Masonic temple for use during the next three years of possible postponement of the erection of the new temple is being considered by the building committee. Excessive high prices of building materials have caused the committee to consider finishing the excavation, putting in the foundation, roofing it over and waiting until costs come down.

The Moose lodge quarters on the ground floor might be secured when their lease expires the first of next year. This additional room would permit a rearrangement that would greatly facilitate in handling the large Masonic organizations.

A plan for making the building fraternal headquarters has been suggested by J. B. Donnyson. A number of clubs and lodges have been moved out of their quarters as the buildings they occupied were sold for store rooms. A schedule of meetings might be worked out whereby all the lodges could be accommodated in the old temple.

BIRTHS REPORTED

Richie reported to the office of the city clerk for the week ended April 17, 1920:

Mr. and Mrs. M. A. Anderson, Leocompton, Kan., February 28; girl, Helen.

Mr. and Mrs. Curtis Bailey, R. F. D. No. 4, Topeka, April 9; girl, John Herbert.

Mr. and Mrs. George J. Roman, 1314 Polk street, April 6; boy, Donald.

Mr. and Mrs. Daniel Velick, 140 Gratton street, April 15; boy, Cyril Kenneth.

Mr. and Mrs. Gilbert L. Worley, Winston, Mo., April 12; boy, Gilbert Leslie.

PLAN \$100,000 ADDITION

Methodist Home for Aged Here May Benefit From Campaign.

The Methodist Home for the Aged in Topeka will have a three-story addition to cost \$100,000, it plans outlined at a district conference of Methodist pastors and laymen Monday afternoon at the Central Y. M. C. A. go thru. The enlargement of the home will enable it to care for eighty persons, while it now accommodates only twenty-four.

A part of the Methodist contribution in the Interchurch World Movement will go toward the addition to the home. If the goal is reached in the interchurch campaign, construction of the new wing will begin early in 1921.

Another important consideration before the district conference concerned the plan to request contributors to the fund to specify certain amounts of their donations for the Methodist Home and for the ministers' relief fund.

The Women's Foreign Missionary society of the Methodist church will work for a 10 per cent increase in membership this year, according to announcement of Mrs. W. B. Fisher, who talked before the conference.

Dr. H. E. Wolfe, of Wichita, and the Rev. H. O. Holter spoke at the meeting.

BRYAN VERSUS HITCHCOCK

Long Brewed Clash Between Democrats Leaders at Climax in Nebraska.

Lincoln, Neb., April 20.—The long brewed clash between Senator G. M. Hitchcock and William J. Bryan for control of Nebraska Democratic politics reached the boiling point today in the primary election contest.

Hitchcock is fighting to keep Bryan from being elected delegate to the San Francisco convention.

"Muddy" roads today promised to be the biggest factor. If roads permit a large country vote, Bryan is assured victory, politicians believed. Hitchcock is expected to carry the larger cities but the rural vote is the heaviest.

Senator Hiram Johnson and Major General Wood are expected to be choices for the Republican presidential candidates. General Pershing is a "native son" candidate. He has made no campaign.

FOUND THEY HAD CALLERS.

But K. C. Family Called Cops and Saved \$1,500 in Clothing.

Kansas City, Mo., April 20.—When Arthur Owen and family returned from a motor ride they saw lights in the kitchen. The window they observed two men eating lunch.

From a neighbor's house Owen called the police and let them in the front door. One robber escaped through the kitchen window. But the police caught the other, who was carrying \$1,500 worth of clothing were in the kitchen.

Practical Wife Would Restrain Gullible Spouse

Chicago, April 20.—Jack Chew, Chinese, has a gullible nature, a paying restaurant business, several thousand dollars and a practical American wife. Recently a dashing stranger poured a tale of sudden riches of oil fields into Chew's ready ear. The stranger had cards printed with Chew's name as consulting oil engineer thereon.

The only oil Chew knew anything about was that which went in his cooking.

His wife today filed a petition here for an injunction to restrain her ambitious husband from investing his money in oil schemes, fostered by Labbee, the dashing stranger.
